### FOURTEEN DIE IN EXPLOSION IN LYNN, MASS.

#### Fire Followed Blast in Celluloid Factory Early Today

Lynn, Mass., Nov. 8.—(AP)—Fourteen persons were known to be dead from an explosion which wrecked the plant of the Preble Box Toe Company and a nearby dwelling house in East Lynn today.

Nine persons were in a serious condition in the Lynn hospital and several others were believed to be missing. Firemen were searching the ruins of the demolished plant for more bodies.

The known dead are: Mrs. Lillian Blaney, who resided in a dwelling house next to the plant, and her four children.

Alfred P. Harris of Lynn. John Crowder, of Lynn. Lewis E. Puffer of Swampscott. Charles Mitchell. John Wilson, a negro. William Clements, a negro. Percy H. Smith of Lynn. Two unidentified men.

Of the bodies which had been recovered up to 9 A. M. four were those of occupants of a dwelling close to the factory—a mother and three of her eight children. The others were believed to be those of factory employees, which had not been identified.

**Family at Breakfast**  
Mrs. Blaney and her husband, with all their children, were at the breakfast table when the explosion came. Instantly a sheet of flame leaped from the factory twenty feet to their home, bursting through a window and enveloping the family. Mrs. Blaney and three of the children were burned and smothered to death. The others in the family escaped with comparatively minor injuries.

At least twenty persons were injured. There was a series of explosions in a celluloid mixture used in the manufacture of box toes for shoes. The first came at about 7:35 o'clock. Half a minute later there was another and later there were two or three more minor explosions.

**Cause Undetermined**  
One end of the one-story concrete block building was blown out and two bodies were buried into the street with it. The flames which followed the explosions scorched many nearby buildings and the heat and the force of the explosions broke a large number of windows.

The factory adjoined a district largely made up of two-family frame dwellings. Occupants of these homes in many cases were shaken from their beds.

The entire fire department was called to the scene. What caused the first explosion had not been determined. In the confusion no one could be found who knew just how many persons were employed in the factory.

The plant was wrecked by a series of blasts which occurred shortly before 7:30 a. m., just as the factory was about to start operations for the day.

**Cause Undetermined**  
The first explosion was in the rear of the plant where materials used in the manufacture of box toes for shoes were stored.

Then there followed a number of smaller blasts which blew out the rear wall of the plant and sent huge flames across a narrow street on which there are several dwelling houses. In one of these houses lived the Blaney family.

The roof of the factory collapsed in the rear and several employees were thought to have been buried beneath it. The plant was built of concrete blocks which were sent flying in all directions by the explosion. The interior of the factory was a complete wreck.

The cause of the blast was not determined but firemen said they thought it was caused by the ignition of fumes from celluloid stored in the rear of the plant. It was thought likely that the fumes had collected during the night and were ignited when one of the workmen turned on his machine this morning.

The Blaney family was at breakfast when the explosion came. Several of the family made their way to safety, but seven of them were trapped by the flames and five were suffocated. Two members of the family were among those in the hospital.

**TEXAS GOV. IS ILL**  
Austin, Texas, Nov. 8.—(AP)—Governor Moody was ill with an attack of lague today and his secretaries said no telegram had been received at the office seeking martial law in Hidalgo county.

### RECESS PROBE INTO DEATH OF WALT M'ALISTER

#### Three Additional Witnesses Examined by Coroner's Jury

Tuscola, Ill., Nov. 8.—(AP)—The grand jury investigating the death of Walter McAllister, a farm hand, adjourned until Saturday after hearing three additional witnesses today.

Those heard were A. J. Gross, postmaster at Atwood; John Smith, a postman at Atwood, and Sheriff C. W. Twiford.

The Circuit Court was not in session today but will be in session Saturday.

McAllister was found dead several weeks ago after the automobile in which he was riding with Emil Carroll, a farmer who employed him, was struck by a train. Carroll escaped without serious injuries.

Investigation into the death was opened after it was found several insurance policies named Carroll's wife as the beneficiary.

**ILLINOIS HOUSE SAFELY IN HANDS OF REPUBLICANS**

Will Have a Majority of Thirty-Three in Lower Branch

Chicago, Nov. 8.—(AP)—Republicans will have a majority of thirty-three votes in the lower house of the 56th Illinois General Assembly, election of district members showed today, according to unofficial totals.

Election of eighteen Republican Senators will give the ruling party a majority of twenty-six votes in the upper house. There are twenty Republican Senators who hold over from the 55th General Assembly, thus giving Republicans thirty-eight votes in the Senate and the Democrats twelve, composed of six hold-over Democrats and six reported elected Tuesday.

These totals give Democrats Senatorships in the 42nd and 48th districts, on the basis of incomplete returns, with a possibility complete and official returns might change and give one or two more Republicans Senators.

### SCHOOL GIRL IS MISSING SINCE EARLY TUESDAY

#### Rock Falls Authorities Asked to Look for Pauline Gribbins

A search is being made for Miss Pauline Gribbins, aged 14 years, who disappeared from the home of her mother, Mrs. Bettie Gribbins, Rock Falls, Tuesday morning, and has since not been heard from. The girl had gone to the grocery store for her mother and after returning home left immediately for school. When she did not come home at noon the mother became alarmed and went to the school building, where she learned that her daughter had not been in school that morning.

Chief of Police A. E. Berlin, Jr., was notified of the girl's disappearance and at once began search, sending several messages to police headquarters in Cicero and Clinton, Ill., to which cities it was thought she might have gone. Later in the day the mother discovered that her daughter had taken between \$7 and \$9 from her pocketbook when she went to the grocery, which she probably spent for car fare.

The girl had been keeping company with Frank Marak of Cicero, an employee at the Vavra Paper Co. in Rock Falls, who left for his home three months ago. Mrs. Gribbins believes that her daughter might have gone to Cicero to join her sweetheart.

The missing young woman has brown eyes, black hair, a fair complexion, weighs about 120 pounds and is 5 feet and 3 inches tall. When she disappeared she was wearing a green raincoat, blue hat, black hose and slippers.

### To Send Body of Dead Negro to His Parents

The body of Ira Jarman, Negro laborer, who was shot down in the labor camp of the Regenthard Construction Company at Compton, a week ago Saturday night, is to be sent to his parents at Tutwiler, Miss. Fellow workmen have taken up a collection and arranged for the disposition of the body in this manner and it will be shipped south this evening.

Refusal on the part of city officials to permit the burial of the body in the potter's field at Oakwood cemetery, led to action being taken by Coroner Frank M. Banker yesterday afternoon. When the Coroner learned of the action of the city officials, he arranged with Supervisor D. H. Spencer to have the body taken to Eudena this afternoon to be interred in the burial ground adjoining the County Home property. However, a delegation of fellow employees in the Regenthard camp, came to the last evening and arranged for the shipment of the body to Jarman's parents in Tutwiler, Miss., thus ending the dispute as to its final disposition.

### Turkey Crop Larger this Year than Last

Chicago, Nov. 8.—(AP)—For the leading producing states, the Thanksgiving turkey crop of 1928 is 4 per cent increased, compared with a year ago.

Reports today from the government Bureau of Agricultural Economics say most of the north central states have produced more turkeys than last year, and there is a big increase in the western states. The latter increase is ascribed largely to commercial hatching.

Besides, weather conditions, on the whole, were more favorable to turkey production this year than last.

### To Ride Mule Thru Sterling's Streets

Sterling Republicans have arranged a ratification of their victory at the polls Tuesday, to be staged this evening, and it is announced a feature of the celebration will be a parade by Orville P. Storm, city editor of the Sterling Gazette, and formerly of the Sterling Gazette, and formerly of the Sterling Gazette, and formerly of the Sterling Gazette.

Norris said he did not know who threw the bomb.

### District's Vote on State Representative

The total vote cast for the three candidates for Representative in the three counties of the 35th district Tuesday was:

Dixon Allen Devine  
Lee 14664 11797 9843  
DeKalb 16239 15777 9529  
Whiteside 18366 19600 9340  
Total 48679 47174 28712

**U. OF I. TEACHER DEAD**  
Chicago, Nov. 8.—(AP)—Dr. Victor E. Emmel, head of the Department of Anatomy at the University of Illinois College of Medicine, dropped dead of heart disease yesterday. Dr. Emmel was born in Valley Falls, Kas., 50 years ago. He was educated in Pacific University, Brown University and Strasburg.

### ELMER HESS, VAN PETTEN AUTO DEALER, DEAD AS RESULT AUTO CRASH NEAR DEKALB TUESDAY

#### Internal Injuries End in Death Last Night at Hospital There

Elmer Hess, well known Van Patten merchant and automobile dealer, died at the Glidden Hospital in DeKalb last night shortly before midnight, his death resulting from injuries which he sustained in an automobile accident on the Lincoln Highway about 14 miles east of DeKalb Tuesday afternoon. A jury was selected this afternoon and viewed the remains, and the inquest was then recessed until Morris Jensen of Elburn could be located and brought to DeKalb to testify.

Mr. Hess was returning from Chicago driving a new Ford sedan when, at a point about 14 miles east of DeKalb on the Lincoln Highway, another car which was following Mr. Hess, is said to have turned out to pass him. A wrecker truck driven by Morris Jensen of Elburn was going east at this point and it is said when Jensen observed the car in front of him, he apparently became confused and drove directly in front of Mr. Hess.

The cars crashed and were badly wrecked. Mr. Hess sustained a fracture of the right leg and was hurled to the Glidden Hospital at DeKalb. While he complained of a pain in his chest, attending physicians did not believe that his injuries were of a serious nature. However, yesterday afternoon, his condition grew rapidly worse and he passed away shortly before midnight last night.

### Roberts Resigns Oil Prosecution

Washington, Nov. 8.—(AP)—President Coolidge accepted today the resignation of Owen J. Roberts, special counsel for the United States in the oil cases, effective immediately.

In his letter of accepting the resignation, President Coolidge expressed gratitude on behalf of the government "for the fidelity and energy with which you have prosecuted these cases, which have returned to the United States all the property in question and many millions of dollars in money."

Roberts tendered his resignation because under the Senate joint resolution calling for his appointment he was prevented from taking up any cases of his own which had any connection with the government. Attorney General Clegg, with whom Owen Roberts was associated in the prosecution of the cases, will continue in his present position and conclude the remaining work.

### Tammany Head Tells Why Smith's Beaten

New York, Nov. 8.—(AP)—George W. Olvany, leader of Tammany Hall, today offered an explanation for the comparatively small plurality given Governor Smith in New York City. Tammany had estimated his plurality would be 581,000 at least, whereas it was 448,000.

Olvany denied that the organization had failed to function. "Nail that hard," he said. "The organization performed 100 per cent from top to bottom."

"It was the prosperity issue, the issue the Republicans kept to the forefront. It held enough of a small percentage of the business men in line."

### Chicago Political Headquarters Bombed

Chicago, Nov. 8.—(AP)—Politics re-echoed in the 13th ward today when a bomb wrecked the front of the Thompson-Crowe Republican headquarters on Wentworth Avenue. It was the 89th bomb of the year in Chicago.

Ernest Geissler, who has a real estate office in the same building, suggested that police talk to Hugh Norris, ward committeeman and ward leader for the Mayor Thompson State's Attorney Crowe faction of the Republican party.

Norris said he did not know who threw the bomb.

### Charles Beien Died Wednesday Afternoon

Charles Herbert Beien, son of Mrs. W. S. Jenkins, 90½ Galena avenue, passed away yesterday afternoon at 1:30, death resulting from an illness of several days duration. Charles was born in Sterling, March 19, 1915. Funeral services will be conducted from the Staples chapel this afternoon at 2 o'clock, Rev. M. D. Bayly, pastor of the Methodist church at Sterling officiating, and burial will take place in Riverside cemetery at Sterling.

**LINDBERGH TO MEXICO**  
Eagle Pass, Tex., Nov. 8.—(AP)—Col. Charles A. Lindbergh who reached here last night from St. Louis, left by airplane from the ranch. Col. Lindbergh said he would go to Mexico City for a visit with American Ambassador Dwight Morrow.

### Terse Items of News Gathered in Dixon During Day

**ELECTED FOURTH TIME**  
Advices from Gary, Ind., are to the effect that Atty. John W. Thiel, a former Lee county school teacher, was elected state Representative for the fourth time on the Republican ticket in Tuesday's election.

**BROTHER-IN-LAW DEAD**  
L. B. Neighbour has gone to Neoga, Ill., called there to attend the funeral of his brother-in-law, John Caruthers, a Civil War veteran, who died at the age of 89 years. Prof. Neighbour and his nephew, Ray Soliday, an instructor in the Freeport high school are making the trip to Neoga and return in the latter's car.

**A CORRECTION**  
A typographical error made it appear, in last evening's Telegraph that Coroner F. M. Banker's total vote in the county in Tuesday's election was but 1,992. The popular and efficient Coroner was given a complimentary vote of 9,992 by the electors of the county.

**C. C. DIRECTORS MEET**  
There will be a meeting of the Board of directors and the Advisory Board of the Chamber of Commerce Friday night, at 7:30 o'clock. Important business will be transacted. All members are urged to be present.

### HOME FROM HOSPITAL

Mrs. F. H. Manning, who has been a patient at the Dixon public hospital for the past four weeks, has been discharged from the institution and is now at her home, 515 Galena ave. Her daughters, Mrs. Chester Waldman, Mrs. Wiley Stone and Miss Era Manning of Chicago were with her the greater part of the time she was in the hospital. They have now returned to their respective homes.

### VETERAN VOTER

J. L. Richardson, Civil War veteran, adds his name to the list of long-time Republican voters. He has voted for 17 Republican candidates for president, he says, and he and Jose. Shelhamer of this city are the only two of the local G. A. R. who voted for Lincoln. Mr. Richardson came to Dixon when he was seven years of age—he is now 86—and this city has been his home practically all of the years since.

### CONDUCTED INQUEST

Coroner F. M. Banker conducted an inquest over the remains of Delores D. Heckman, four months old daughter of Mr. and Mrs. Walter Heckman, yesterday afternoon at the Preston mortuary, the jury returning a verdict finding that death was due to strangulation. The parents found the child dead in bed at their home on West Graham street at 7:30 Wednesday morning. The funeral services will be conducted from the home Friday afternoon at 2 o'clock, Rev. Walter W. Marshall, pastor of the Baptist church officiating and with interment in Oakwood.

### Second Bereavement for Mrs. Lumsden

The sad news of the death of Mrs. George Newell, mother of Mrs. Ernest C. Lumsden, who passed away at her home in Garden Prairie, was received here this morning. Mrs. Lumsden had but recently moved to Garden Prairie to make her home with her mother. Mrs. Newell was quite well known in Dixon, having visited here on a number of occasions and the sympathy of the community is extended to Mrs. Lumsden and her son, who a few weeks ago suffered the loss of both husband and father, in the untimely death of Rev. Ernest C. Lumsden.

### Charles Beien Died Wednesday Afternoon

Charles Herbert Beien, son of Mrs. W. S. Jenkins, 90½ Galena avenue, passed away yesterday afternoon at 1:30, death resulting from an illness of several days duration. Charles was born in Sterling, March 19, 1915. Funeral services will be conducted from the Staples chapel this afternoon at 2 o'clock, Rev. M. D. Bayly, pastor of the Methodist church at Sterling officiating, and burial will take place in Riverside cemetery at Sterling.

### BOTH HOUSES OF CONGRESS SAFE FOR REPUBLICANS

#### Party Increases Margin of Control in Both of its Branches

**ELECTION STATISTICS**  
(By The Associated Press)

**Electoral Vote**—Hoover 444; Smith 87; Hoover majority 357. In 1924 Davis, Dem., had 136; in 1920 Cox, Dem., had 127.

**States Carried**—Hoover 40, Smith 8 (Alabama, Arkansas, Georgia, Louisiana, Massachusetts, Mississippi, Rhode Island, South Carolina).

**Popular Vote** (incomplete)—Hoover, 18,229,708; Smith 12,980,093; Hoover plurality, 5,310,615. In 1924 Coolidge had 15,725,016; Davis 8,386,503; La Follette 4,822,856.

**Fourteen Large Cities**—Hoover 9, Smith 6. Hoover won Chicago, Philadelphia, Detroit, Baltimore, Pittsburgh, Los Angeles, Buffalo, Cincinnati. Smith won New York, Cleveland, St. Louis, Boston, San Francisco, Newark. Total vote in these cities Smith 3,420,769; Hoover 3,375,079.

**Congress**—New Senate will have 54 Republicans, 40 Democrats, one Farmer-Laborite, one vacancy; compared with 47 Republicans, 46 Democrats, one Farmer-Laborite, two vacancies. Republican lead in House increased.

**Governors Elected**—Republican 23; Democratic 11.

(By The Associated Press.)  
Almost complete congressional election returns show net Republican gains of six and probably seven in the Senate and of more than twenty in the House.

This will give Herbert Hoover working majorities in both branches in place of an almost equal party division now existing in the Senate and of a majority of only 35 now held by Republicans in the House.

The upsets have involved few leaders in either branch of Congress and little difficulty over organization of the new Senate and House, which will come into office after next March 4, is anticipated.

**Must Hunt Leader**  
However, Senate Republicans will have to find a new leader. Senator Charles Curtis of Kansas, their pilot, will become Vice President. Several names have been heard already as a successor to the Kansas, including Senators Moses of New Hampshire; Watson of Indiana; Reed of Pennsylvania; Jones of Washington, and Edge of New Jersey, but no selection is expected for some weeks.

Senator Curtis has not indicated whether he will continue his senatorial post during the approaching short session of this congress.

To break up the closely divided Senate, the Republicans held everyone of their thirteen seats at stake in this election and captured six of the Democratic seats involved in the contest. Indications were that the seventh seat would be lost by the Democrats in West Virginia where Senator Neely is still trailing his Republican opponent, Henry D. Hatfield.

While Herbert Hoover has broken the Democratic south, the Democrats there have held tenaciously to most of the Congressional representation. Only Virginia and North Carolina have wavered in this respect. Kentucky, which went overwhelmingly for Hoover, also replaced six Democratic House members with Republicans and this accounted for the major gain of the Republicans in the House.

**Some Close Contests.**  
Virginia for the first time in years will have three Republican House members and a fourth is still possible with the tenth district in doubt. North Carolina has elected one Republican to the House and several districts have reported close contests.

Despite the Republicans' sweep, Democrats in the north replaced Republicans. This honor is claimed by Louis Ludlow, newspaperman, of Indiana, who defeated Representative Updike in the Indianapolis district; Jeremiah O'Connell who defeated Representative Monast in the Third Rhode Island district and Joe L. Smith who broke the Republican sweep in West Virginia to upset Representative England in the Sixth district.

A contest is on in Philadelphia where Representative James M. Beck was running close to his Democratic opponent in the First Pennsylvania district, William L. Rooney.

### BY THE ASSOCIATED PRESS

The presidential election of 1928 was passing into history today leaving in its wake the greatest electoral majority ever cast for any candidate.

The full measure of the overwhelming victory which sent even rock-ribbed Democratic states into Herbert Hoover's column was still to be completely ascertained, but from returns which rapidly were becoming completed it was evident that the new President will come into office with the greatest electoral majority in all

### PROHIBITION OF MARRIAGE BRINGS DEATH

#### Bureau County Girl Drank Strychnine This Morning

(Telegraph Special Service.)  
Ohio, Ill., Nov. 8.—Parental prohibition of her marriage to an Ohio young man is believed to have prompted Miss Eva Lotta, aged 18, daughter of Mr. and Mrs. William Lotta, who reside three miles north of here, to have taken her own life this morning by drinking strychnine.

The young lady, who had been working for the Russell Martin family near Walnut, went to the home of a neighbor, Walter McCoy, at about 8 o'clock this morning, and while there drank the poison which caused her death within a short time, after terrible suffering.

Miss Lotta, it was reported, had gone home last evening, and while there had asked her father for permission of her marriage, which had been denied consistently. Again the father is said to have refused to give his sanction to the marriage, and the young lady to have threatened to end her life.

It developed today after leaving the home of her parents she came to Ohio and purchased the poison, with which she ended her life this morning, before returning to her employer's home.

The inquest was held this morning.

### Malmberg Tavern Damaged by Fire

Fire of unknown origin starting in the basement in the east wing of Malmberg tavern, an Oregon landmark and a spot of beauty along Rock river on the Blackhawk trail, caused considerable damage to the building and its furnishings Tuesday night.

The inn was closed several days ago by foreclosing of a chattel mortgage, according to Sheriff Sam Good. It was reported by Ogle county officials that Robert Malmberg, proprietor of the roadhouse cafe, had gone into bankruptcy.

Sheriff Good had two men guarding the inn and its contents after the mortgage had been foreclosed, but Monday Charles Thomas, Rockford attorney, informed the sheriff that Malmberg had filed bankruptcy petitions in Freeport federal court and ordered him to remove the guards. Nobody was in the building when the fire was discovered. Mr. and Mrs. Malmberg were in Mt. Morris when the fire was discovered.

### Newspaper Boycotted by Mexican Officials

Mexico City, Nov. 8.—(AP)—The newspaper Excelsior has been boycotted by the Mexican government with the explanation that it made a hero and a martyr out of Jose de Leon Toral, assassin of General Alvaro Obregon, in its handling of the story of Toral's trial.

An official statement, which was published by all newspapers except Excelsior, said that the newspaper's stories on the trial were an encouragement to insurgents in seditious activities against the government and to others to assassinate President Calles and other government heads. The statement was issued by Emilio Portes Gil, as Chief of the Cabinet, after he had conferred with the President.

### All Parties Insist Poincare Continue

Paris, Nov. 8.—(AP)—Raymond Poincare today continued to resist the pressure of friends and supporters that he form a new government. In the meantime President Doumergue consulted members of Parliament and a great majority of them persisted in the opinion that the retiring Premier was the only man who could bring order out of the Parliamentary chaos.

The President consulted both extremes of the Chamber of Deputies—the Socialists and members of the National Union Party. The Socialists, who have remained aloof from the conflict, reserved their opinion as to the formation of a government. All others declared that M. Poincare should be called to power again.

### STATE LABOR MEETING

Herrin, Ill., Nov. 8.—(AP)—Twelve hundred delegates to the forty-sixth annual convention of the Illinois Federation of Labor were in attendance when President John H. Walker called the group to order at 10 o'clock this morning. A special train of twelve coaches arrived from Chicago this morning bearing the northern Illinois delegates.

**GAINS IN PENNA.**  
Philadelphia, Nov. 8.—(AP)—Returns from 8136 of the 8571 districts in Pennsylvania show the lead of Herbert Hoover slowly growing. His lead is now 948,475 over Governor Smith. Of the missing districts 115 are in Allegheny county. The total vote so far received is Hoover 1,961,664; Smith 1,013,185.

### DIXON COUPE CRASHED INTO BIG FOUR BUS

#### Wm. Smith and Alfred Vaughn, Dixon; Wm. Arber, Victims

A toll of three lives was exacted in an automobile crash on the Lincoln Highway five miles west of Dixon at Gap Grove yesterday afternoon, in which two cars were almost completely wrecked and two others are said to have been damaged. The dead are:

William F. Arber, driver of Big Four bus, "Miss Chicago."

William Smith, pastry cook, Dixon state hospital.

Alfred Vaughn, gardener, Dixon.

The crash happened at about 3:25 p. m. in front of the M. D. Taylor farm home on a curve on the Lincoln Highway at Gap Grove. The Big Four system bus, "Miss Chicago" which was driven by William Arber of Omaha, was east bound, operating between Omaha and Chicago and carried ten passengers, all men. Wm. Smith was driving his Dodge coupe, Alfred Vaughn being a passenger in the machine and they were going west.

### Coupe Lost Wheel

Just west of the Myers farm home is a cross road and it was at this point that the crash occurred. The Dodge coupe, which according to witnesses, was being driven at a high rate of speed around the curve in the road, struck a Chevrolet truck loaded with sweet potatoes driven by W. M. Metzger of Rock Island, who was on his way to Freeport. A hub cap was torn from a rear wheel on the truck, but the force of the impact knocked the left front wheel from the coupe. The coupe's wheel was thrown off the highway right of way against a wire fence. The coupe was rendered unmanageable with one wheel missing and at the rate of speed it was traveling, ran wild.

Passengers in the bus stated that Arber saw the car coming toward him and opened the door of the bus to permit passengers to jump should they so desire. At the same time, he attempted to turn the bus to the side road on his right in an effort to save his passengers. The coupe crashed into the left side of the bus just back of the hood, tearing away the steel and woodwork. Arber was thrown through the open door of the bus, his head striking against a concrete abutment of a culvert. The driverless bus crossed the cement paving, crashed into a ditch and tore through a woven wire fence into an orchard before it halted. The Dodge coupe stopped a few feet from the scene of the crash.

Passengers in the bus climbed out of broken windows and the huge hole torn in the side of the bus and through every means of escape. All of them were cut and bruised but their injuries were not of a serious nature. The passengers hurried to the injured persons and assisted in removing them from the wreckage.

### Took Two to Sterling

Lester Street of this city, of the State Highway Department, took Smith and Vaughn in his car and drove to Sterling. Vaughn was either dead when his body was placed in the car or breathed his last shortly afterward, as his body was lifeless when Mr. Street arrived at the police station at Sterling. Smith still showed signs of life and was rushed to the Sterling hospital where he expired about 7:30 last evening. H. C. Bruhn of Auburn, Iowa, who was driving east, took Arber and two of his passengers in his car and rushed them to the Dixon public hospital. Arber died a few minutes afterward when he

## Location to Courts

Springfield, Ill., Nov. 8.—(AP)—The

injunction suit of F. Guy Hitt and six

other Franklin County residents

against the State Highway Depart-

ment, seeking to change that part of

the location of state route 148 from

Zeigler, Franklin County, south near-

ly to Herrin, Williamson County, is

being heard today by Circuit Judge

Frank W. Burton.

North of Herrin the state route, to-

talling 5½ miles, goes slightly to the

east on the way to Zeigler. The

route proposed by the complainants

goes westward and intersects with

route 149, now under construction 2½

miles west of Zeigler, making the to-

tal distance about seven miles.

Points in dispute, which each side

claims favor its route, include bridges,

swampy country, sparse population,

railroad crossings and cost.

The state claims its route is the

most direct to serve the people affect-

ed and complies with the law. The

plaintiffs claim that the state be re-

strained from letting contracts for the

road.

A DIFFERENT COOLIDGE.

The American people have learned to look upon President Coolidge as an unemotional man, not to say a cold-blooded one. His silence and austerity have become proverbial. We have never imagined that any warmth of feeling could crack the cold marble of his reserve.

But the president gave us a new glimpse of himself the other day when his special train stopped at Bennington, Vt. A large crowd surrounded the rear platform and clamored for a speech; and the president, for the first time, yielded. He spoke of matters nearest his heart. His voice was husky with emotion.

"Vermont is a state I love," he said. "I could not look upon the peaks of Ascutney, Whittier or Mansfield without being moved in a way that no other scene could move me. It was here I first saw the light of day; here I received my bride; here my dead lie pillowed upon the everlasting hills.

"I love Vermont because of her hills and valleys, her scenery and invigorating climate. But, most of all, because of her indomitable people. They are a race of pioneers who almost beggared themselves for others. If the spirit of liberty should vanish in the Union and our institutions should languish, it all could be restored by the generous store held by the people in this brave little state."

These are not the words of an unemotional man. They do not sound like the President Coolidge we know. The impenetrable curtain of reserved silence has fallen away, and for the moment we get a new glimpse of him; a glimpse of a man who has trod on the high places of the earth and been one of the kings of his time, returning to profess his love for the simple, homely scenes of his youth.

The light that beats upon the White House is blinding in its brilliance. But it has not revealed the real Calvin Coolidge to us. It has shown us a mask; behind that mask moves a man capable of deep feeling and true poetry.

"Here my dead lie pillowed upon the everlasting hills." There is beauty in that remark, beauty as moving and elemental as the beauty of the Vermont mountains. The man who voiced it is not the phlegmatic Coolidge of tradition. We can never pretend again that Calvin Coolidge is cold and dour.

All the honors a nation can bestow have been his. He has been, and is, the most powerful ruler on earth. The gray battleships of a mighty fleet dip their flags to him as leader; the army of the United States is his to command; 120,000,000 people look up to him for guidance. Yet it seems there is something in him that this cannot satisfy; something that must return to the eternal peace of the rolling Vermont uplands for nourishment. It is almost as if he had told us that all the prizes of the earth are outweighed by a moment's communion with the elemental forces of nature.

We will always understand and like him a little bit better for those words he said at Bennington.

SHAKESPEARE'S LAX IDEAS.

Writing in the Golden Book, Frederick S. Boas, English Shakespearean authority, declares that if Shakespeare were writing for the stage today he would be up to his ears in suits for violating of copyright.

Shakespeare borrowed his plots with a free and easy hand. In his day this was considered quite proper; so he wrote "As You Like It" from another play written a few years before, turned another rival's play into "The Winter's Tale" and lifted half a dozen more from Boccaccio.

Today such a practice would involve him in countless lawsuits. We can only say, however, that it is extremely lucky for the world that there were no copyright laws in Shakespeare's day. The world's literature would be much poorer if Shakespeare had not had rather lax ideas about appropriating another's work.

Paris says that skirts should be 40 centimeters from the ground. But it's a safe bet that some flapper in this country will wear hers at 41, just to be different.

One heartrending thing about this election—it will part those two wonderful friends, the Senate and Charley Dawes.

After all these years of trying, you'd think there'd be at least one city in America that would succeed in getting all its downtown streets torn up at once.

Famous last line: "They told me it would cost \$200 to alter that fur coat I bought last fall."

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK

(READ THE STORY, THEN COLOR THE PICTURE)

The Tynmites slept sound and long. They didn't hear the breakfast song aboard the ship, so they were late when things were set to serve. This made the captain rather mad. He figured they were acting bad. "I shouldn't let them eat," he thought, "that's just what they deserve."

But then he quickly changed his mind and promptly started off to find if he could wake the sleepy bunch. He rapped upon their door. When just a few words he had said, the Tynmites jumped out of bed. "Ahoy there! Hurry up, you lads," they heard him loudly roar.

Then Clowzy whispered, "My, such fate. We've overslept, and we are late. But it's the captain's fault because he made us shovelful. Let's all get dressed and hurry out." Once more they heard the captain shout. "Make haste, you lads, and I will give you sweet milk and a roll."

Soon at the table they all sat and Carpy said, "I wish that you'd

let us have some coffee. We'd enjoy it very much." The captain walked up to his side and gave him milk. Then he replied, "It isn't good for little boys. No coffee should you touch."

In just a little while the bunch went out on deck. "I have a hunch," exclaimed the burly captain, "that you know what these are for." He pointed to some bars of soap, and brushes too. Then said, "I hope you Tynmites know how to scrub. Get busy on the floor."

They all flopped down and worked away. At first it seemed like so much play. Then Clowzy grew quite weary, and exclaimed, "I'll be a wreck!" The captain laughed, "Ha, ha, ho, ho! Don't give up now, but simply go ahead and keep on scrubbing till you've finished all the deck."

Illinois Briefs

Rock Island—(AP)—Two former Minnesota football stars who played on the same team in their collegiate competition, will be enemies for a brief period on the afternoon of November 10. Coach "Shorty" Almqvist, former gopher back will send his Augustana eleven against North Central, tutored by Leo Fisher, another of Doc Spears gridgers.

The two mentors formed a backfield combination at Minnesota three years ago.

Rock Island—(AP)—Augustana's football team which has made its best record in eight years this season, will close its home campaign, November 10 when North Central College of Naperville comes to Rock Island for its annual tussle with the Vikings.

Last year the Cardinals lost to the Norsemen by a 12-0 score. This year Coach Fisher's eleven is stronger and hopes to gain revenge for the 1927 set back.

Chicago—(AP)—Football, the King of Sports in colleges takes the back seat to basketball and track in Illinois high schools.

Figures compiled today by C. W. Whitten, manager of the Illinois High School Athletic Association, show only 253 of 550 schools playing football, whereas 520 participate in basketball and 456 put track teams on the field each spring. Although football takes a much larger playing personnel than the winter court game, basketball attracts by far the most boys.

Whitten estimated that the schools 25 boys in uniform while those playing football had an average of 100 basketball average 50 boys. Track puts an average of 20 boys from each school in a suit.

Closely following football is baseball, 215 schools playing interscholastic schedules.

Tennis ranks next with 140 schools while golf and cross country are tied with 38. Although an attempt has been made to establish soccer as a sport in the Illinois High Schools, only 10 are playing the English Style of football. Seventeen schools have swimming teams while one said it played horseshoes.

Rock Island—(AP)—Prowess on the football team is not the only thing for which two of the football men at Augustana are noted.

Besides drilling for three hours every afternoon in moleskins, Captain "Ox" Alvine and Lyman Grimes found time to enter dramatic service at the college and are the leading characters in plays recently presented.

Maine Fishermen Salt Their Fish

Harpwell, Me.—(AP)—Now is the time of year that the older fishermen along Maine's seacoast religiously carry out the annual salting down of cod and pollock.

This is the genuine salt fish that cannot be bought in stores—for it is prepared for the fisher families' own use. The old timers have a knack when it comes to preparing the winter's supply of salt fish.

In October or early November the fishermen save 300 or 400 pounds of selected cod or pollock from their catches. Some prefer the pollock for salting. The fish are trimmed of heads and tails, cleaned and the backbones removed. Next they are spread open, skin side down, and sprinkled with a fine grade of rock salt. Experts usually will use only a certain grade of the rock variety.

After 24 hours this free salt is thoroughly washed off and the fish are spread on blakes, flesh side up to "cure" in the wind and sun. None but skilled hands touch the fish from this point. At least twice a day the fish must be turned. The experienced fish curer can tell to a nicety what they need—so much sunshine, so much west or northwest wind, so much dry air and so much cooling shade.

Not for a moment must properly cured salt fish be touched by rains, fogs, or damp east winds. In unfavorable weather the flakes are taken indoors for protection. At the end of 10 days or a fortnight, if everything has gone well, the fish will have been properly cured.

In the process the fish will have become almost as hard as boards. But storing in a cellar or other cool place soon restores to them a mellowness that they retain all through the cold months.

It would seem to be a fussy job. But, as some gourmets say, there is salt fish and salt fish. And those privileged to sit down at a feast of creamed salt fish and baked potatoes as served in the home of a veteran Maine coast fisherman will find the repeat of truly delicious flavor.

Think Hoover Will Aid in League Work

Geneva, Switzerland, Nov. 7.—

(AP)—American cooperation in international affairs, including the activities of the League of Nations is what the league looks for under the presidency of Herbert Hoover. Officials here are of the belief that Mr. Hoover realizes from hard experience the interdependence of nations and the need of international collaboration.

The same officials emphasized Mr. Hoover's declaration in his acceptance speech that though the United States had declined membership in the League, it would be glad to cooperate in the League's endeavors to promote scientific, economic and social welfare and secure the limitation of armaments, which they consider the widest classification of the American attitude toward the League ever pronounced by an American official.

Through Mr. Hoover's influence the United States has participated in numerous League economic conferences, and this collaboration, it is expected will be extended, as the League now is faced with a heavy economic and financial program in connection with world economic and financial readjustment.

Two Killed in Train Wreck on Ill. Central

Centralia, Ill., Nov. 7.—(AP)—Two trainmen were killed and two other trainmen and a passenger were slightly injured at 3:32 A. M. today when the Illinois Central's Panama Limited, northbound, struck a derail one mile south of here.

Those killed were Fred Erskine, engineer, and George Lang, fireman, both of Centralia. Charles Thompson, flagman, suffered a wrenched neck. A negro pullman porter was

## SMITH THROUGH WITH POLITICAL OFFICE HE SAYS

Reported He May Head  
Board of New Bank  
in Wall Street

New York, Nov. 8.—(AP)—Governor Alfred E. Smith does "not expect ever to run for public office again," but is still undecided as to what his future business or professional activities will be.

The Herald Tribune says it is being rumored he is to be offered the chairmanship of the board of directors of a projected new \$55,000,000 Wall Street bank. The bank is being organized by Eugene L. Norton, Vice Chairman of the Board of the Baltimore Trust Company. The Governor's term at Albany ends January 1 and he will be entitled to a pension of \$6,000 a year.

The names of William F. Kenny, the Governor's close friend; John J. Raskob, the Fisher Brothers of Detroit, and members of the Du Pont family are being mentioned as possible associates on the Board of Directors of the new bank, the Herald Tribune says.

**Expect Announcement**  
Although Raskob, last August, denied that he was interested in the bank, the Herald Tribune points out that his statement at that time left open the possibility of future connection. Announcement of definite plans for the formation of the bank the paper says it has learned, was withheld pending the outcome of the election but now may be expected within a few days.

The bank will have the largest capital funds with which any bank has ever been organized in this country.

The Governor, in an interview said: "I certainly do not expect ever to run for public office again. I have had all I can stand of it. I have given a quarter of a century

## Had High Hopes

Just because an English aviatrix, Lady Heath of London, established an endurance flight for women, Mrs. Martha Bevins, of New York went right up in the air. J., just before the take-off.

of probably the best years of my life to it. I will never close my interest in public affairs, that is a sure thing, but as far as running for office again is concerned, that is out."

The Governor was his usual buoyant self.

"I've nothing but pleasant memories," he said of the campaign. He smiled and continued. "There is one

thing the figures indicate, and that is that a woman in the country except one ever got more votes for the Presidency than I did."

"Who was that, Governor?"

"Herbert Hoover."

**Plans Short Rest**

The Governor and Mrs. Smith planned to go to Albany this afternoon to the Executive Mansion and

the Governor said he was going to plan a little trip; take a rest.

With the campaign over the work of cleaning up the affairs of the National Committee is to be started immediately. As soon as things are in shape the national headquarters will be moved to Washington. Chairman John J. Raskob said that bills were still coming in, as well as contributions and that although the exact financial status would not be known for several days the apparent deficit was close to \$1,000,000.

He said the party's defeat was "nothing to be discouraged about" as the returns seemed to indicate that the party's minority had been decreased to only 10 per cent, a tremendous gain over the 35 per cent minority of the two previous campaigns.

He said that he would continue as chairman of the National Committee for the full year term.

There was curiosity in Wall Street today as to whether Raskob would return to General Motors. He gave up his places on the corporation's committees when he took charge of Smith's campaign.

Mrs. Robert Prytherch and daughter Thelma were Freeport visitors Monday.

Friends and members of the Parent-Teachers Assn. met Monday evening in the auditorium of the high school to hear an address by W. H. Dimmet, of Rock Falls. A membership drive is in progress. The grade having the greatest number of par-

ents registering for them, will receive a bowl of gold fish, which will remain in their possession until won by another grade. The fifth grade was the winner in Monday night's contest.

Members of the M. E. Guild met Wednesday afternoon in the parlors of the church for their regular meeting. Mrs. Alice Barth, Mrs. Frieda Boone and Mrs. Olive Prytherch were hostesses.

A record turn out is expected to witness the Amboy-Mendota game to be played here Armistice day. There has long been active competition between their respective football teams and Monday's game is expected to be unusually interesting in as much as neither team has yet been defeated. This game may be a determining factor in deciding the championship of the Rock River Conference.

## FLIGHT BEFORE STREAM OF LAVA IN FULL SWING

**Sicilians Abandoning  
Homes, Taking All  
Stock With Them**

Catania, Sicily, Nov. 8.—(AP)—With a molten stream of lava like a hungry dragon at their backs to spur them on, hundreds of persons today were fleeing from the region around the eastern base of Mount Etna. Their household belongings were thrown on any makeshift vehicle to get them out of the advancing column of fire. Barnyard animals straggled along with the people who were abandoning their fields and homes to the molten stream, which advanced at a rate of more than 100 yards an hour.

The most fertile and intensively cultivated land in Sicily was being consumed by the lava. Houses were being destroyed and trees burned.

The blazing, sulphurous current swept away a monument to the war

dead which was to have been inaugurated Sunday at Muscalli. The principal church of the town fell prey to the lava.

The railway line between Messina and Catania was in grave danger. The situation was regarded as critical since normal facilities linking central Sicily with the coast are few.

## AUSTRALIANS EXAMINE THEIR AIR EQUIPMENT

Canberra, Australia.—(AP)—The Australian air force is not fit to undertake war operations owing to the obsolete type of service machines in use, says Air Marshal Sir John Salmond in his report to the Australian government.

He states the force has been established on a firm basis and developed on sound lines, but owing to the obsolete type of service machines in use and the entire absence of reserve equipment he does not consider the force is fit to undertake war operations in co-operation with the army and navy.

NO ARMISTICE IN TEXAS DEMOCRATIC PARTY SPLIT

Anti-Smith Workers to Fight Leaders of Former Party

Dallas, Texas, Nov. 8.—(AP)—Opposing factions of both political parties in Texas, will warm to their work by the campaign which closed Tuesday, caught their second winds today and refused to recognize the election as marking an armistice. In Hidalgo county, where the Democratic party was opposed by the Citizens-Republican ticket, also known as the "Independents", made up of both Democrats and Republicans, excitement attendant upon tabulation of the vote continued. Reports early today said that the independent faction at Noallin, Texas, had wired Governor Dan Moody, asking for martial law in the county. Rangers are already in the county, sent there to supervise the election. Rangers accompanied a ballot box from Mercedes to Edinburg, the county seat, last night in order to make certain that it was not tampered with before the votes were counted.

**Appeal to Coolidge**  
The independent faction of that disturbed county recently sent about 2,000 telegrams to President Coolidge asking federal supervision of the election, and last night threatened to deluge the White House again because of dissatisfaction with methods used by election officials.

In the meantime the wounds which the campaign opened in the Democratic party, traditional ruler of this state, festered instead of healed in the post-campaign relaxation. Leaders of the bolters, who apparently have thrown the state to the Republican column in a national election for the first time in history, demanded the resignation of regular party leaders who, they charged, are "tainted with Tammany". The Regulars replied that bolters would never run the affairs of the Democratic party in Texas and declared that they would rather lose with Democrats than win with Republicans.

Mont Etna Pours Lava on Vicinity

Catania, Sicily, Nov. 7.—(AP)—A steam of molten lava pouring from Mount Etna today was sweeping through the town of Mascali and the fertile countryside, leaving destruction in its wake. The lava struck the town of 10,000 inhabitants shortly before 8 P. M. last night just after the townsfolk had finished celebrating the fete of their patron saint, Leonardo, whose was carried to safety on the shoulders of four old men. The lava swept into the principal square of the city and then flowed about two and a half miles to the east.

WOMEN FLOCK TO GAZE INSIDE OLD MONASTERY

Cannes, France.—(AP)—A sign reading "No Women Allowed", which endured over the gates of Saint Honorat Monastery for 1,500 years, was hauled down for three days. Hotels at Cannes were immediately filled with women desirous of looking into the forbidden enclosures and beyond the heavy stone walls. The little ferry plying between the main land and the island on which the monastery stands, was taxed to the limit. The monastery was built in the year 410 and the ban against women dates from 503. In that year a woman disguised as a monk followed her lover to the monastery.

MAGICIANS HAIL KEMAL FOR ABOLISHING MAGIC

Constantinople.—(AP)—The magicians of the world have found a benefactor in Ghazi Moustapha Kemal. Such is the opinion of the vice-president of the New York parent-branch of the Association of American Magicians, John Mulholland, who has just visited Turkey on his tour of uniting the magicians of all lands. "The magicians of the world are overjoyed", said Mr. Mulholland, "that the new Turkey has been wise enough to realize that religious magic is trickery. It is the first country to put a wholesale ban on fortune-telling, sorcerers' cures and such fake religious magic as that of the dervishes. In making these practices taboo the Ghazi has done more to purify the profession of the magician than America has done, for only New York and a few other states have banished fortune-telling and other forms of magical cheating."

CROWE-THOMPSON MACHINE BURIED UNDER AVALANCHE

Alliance's Candidates in Cook County Badly Beaten Tuesday

Chicago, Nov. 8.—(AP)—In retrospect, Cook county voters today regarded the remains of the machine of Mayor Thompson and State's Attorney Robert E. Crowe, crushed by the steam roller of ballots Tuesday.

The machine was badly shaken in vital spots in April at the primary and today found it further dismantled. Not a candidate of the alliance survived the election.

Judge John A. Swanson, backed by the Republican faction of Senator Charles S. Deneen opposing the Crowe-Thompson alliance, was chosen state's attorney by a plurality of 141,363 over Judge William J. Lindsay, Democrat. Both men campaigned on the issue of breaking the alliance between gangland and politics. Both pledged themselves to drive gunmen, racketeers and gangsters out of Chicago, but Lindsay, his opponents declared, had the backing of Mayor Thompson and State's Attorney Crowe, under cover.

**Buried Under Votes**  
The six candidates of the alliance were buried beneath an avalanche of ballots. Coroner Oscar Wolff was defeated by the greatest plurality in the history of Cook county by Dr. Herman Bundesen, former Chicago Health Commissioner. The Doctor, who was dismissed as Commissioner by Mayor Thompson when he succeeded Mayor Dever, piled up a total margin of 716,702 against the Crowe-Thompson candidate, greater than the big Coolidge plurality four years ago, 462,700. The vote for Dr. Bundesen was 1,076,485.

The next overwhelming defeat was that administered John W. Jaranowski, Crowe-Thompson candidate for County Recorder. Clayton F. Smith, Democrat, won by a plurality of more than 550,000. Eugene L. Nusser,

alliance candidate for Assessor, was beaten by John E. Conroy, Democrat, by 250,637.

**Morris Eller Beaten**  
Morris Eller, Mayor Thompson's City Sealer, now under indictment in connection with primary day disorders that resulted in the murder of Octavius Grandy, Negro, got the lowest vote of any of the Thompson candidates. As a candidate for Sanitary Trustee, he polled only 332,141 votes. Edward F. Moore, Mayor Thompson's Deputy Commissioner of Public Works and a candidate to fill the vacancy on the drainage board, was beaten by Ross A. Woodhull, Democrat, by 223,182 votes.

Democrats gained eight county offices, including the three biggest ones in the county building, Sheriff, Coroner and Recorder, although the Republican national and state tickets had big majorities—indication of much ballot scratching.

The oil of the shark is eagerly sought for various purposes, but more for weather indications. The oil is placed in a bottle and hung up to serve as a future guide to the weather. With fine weather in the offing the oil is perfectly clear. Rumors of stormy weather are indicated by the oil turning thick and cloudy.

RUSSIANS GET ALONG WITHOUT MUCH BUTTER

Moscow.—(AP)—The way to say it in Russia is not with flowers, but with butter. Flowers are plentiful and butter is hard to get. This autumn it has become a token. A pound of it is sometimes presented as a gift when people call on kin or friends who are celebrating the day of their patron saint.

For several weeks butter has been rationed in Moscow, and elsewhere. Long lines of women stand in front of the shops every morning, patiently waiting in the cold to get inside and buy their share. A little more than a third of a pound is the limit fixed for each customer in the government and co-operative shops.

## HOOVER MODEST IN HIS HOUR OF GREAT VICTORY

Seemed Embarrassed  
by Applause of Friends  
at Stanford Home

Hoover Home, Stanford University campus, Calif., Nov. 7, 1928.—(AP)—President-elect Herbert Hoover today sent the following response to the congratulatory telegram sent to him last night by his Democratic opponent, Governor Alfred E. Smith: "I am in receipt of your kind telegram. I deeply appreciate both the spirit of it and your good wishes for the future."

Another to Senator Joseph T. Robinson, the Democratic vice presidential candidate, at Little Rock, Ark., said: "I deeply appreciate your telegram of congratulation and of good wishes."

(Associated Press Staff Writer)  
Hoover Home, Stanford University campus, Calif., Nov. 7.—(AP)—Herbert Hoover has realized two hopes that have lain close to his heart—election to the presidency and the breaking of the sectional political lines which have hemmed the south about since reconstruction days. Having had a restful night after the tumultuous demonstration given him by Stanford University students when his election had become assured, the President-elect today set about preparing a brief message to the American people thanking them for their vote of confidence and another to his Democratic opponent, Alfred E. Smith, thinking him for his message of congratulation and hope for success of his administration.

## WEST BROOKLYN

West Brooklyn—The angel of death struck again in our community on Tuesday afternoon about 3 o'clock when he called the infant daughter of Mr. and Mrs. Joseph Ege. Loretta Marie Ege was born on October 6, 1927 and succumbed to an attack of pneumonia which lasted but a few days. Funeral services will be held from St. Mary's church on Friday morning at 8 o'clock. The bereaved parents have the deep sympathy of their many friends in their hour of sorrow.

Mathew Maier returned home on Wednesday from Seneca where he attended the funeral of a sister-in-law.

Clyde Lennon and M. P. Balance of the state banking department were here on Monday and Tuesday making the regular examination at the local bank. The men complimented the bank directors upon the building of the new vault and especially for the practical, modern way it is being constructed.

Mr. and Mrs. George Bresson called on Dixon friends Saturday. Roy Dillow stopped off enroute to Streator Tuesday where he is employed by the state highway department.

Philip Kramer suffered the loss of two fingers on his left hand last Friday when his hand was drawn into the gearing of a corn power. The power had just been set up and the men were trying it out when the extra thumb on Philip's glove caught in the cogs and drew his hand in. He was immediately rushed to Dr. White's office here and later taken to Mendota.

The village board held their regular monthly meeting Monday evening.

Sam Goode was here from Amboy Saturday doing some electrical wiring at the Long restaurant.

Mr. and Mrs. Harry Chaon of Compton and Mr. and Mrs. William Chaon of Welland were here Sunday and visited at the home of their parents, Mr. and Mrs. Joseph Chaon.

Mr. and Mrs. Florian Walter motored to Aurora Sunday and spent the day at the home of her parents, Mr. and Mrs. A. B. McCrea.

Misses Gertrude Phelan and Lucille Gehant returned to their studies at the Mt. St. Clare Academy at Clinton, Ia., Monday after enjoying an over Sunday visit at home.

Fred Dimick was down from Dixon Saturday in the capacity of county clerk and delivered the ballots for the Tuesday election to the judges.

Mr. and Mrs. Arthur Anglemier of Sycamore spent Sunday with relatives and friends.

F. W. Meyer drove to Dixon Wednesday morning with the election returns for this precinct. There were 219 ballots cast here which is somewhat below the average.

Frank and Joseph Kuehna, Jr., were here from near Sublette last Thursday and called on their many friends.

Dwight Bartlett was here from Maytown the later part of the week receiving congratulations on the arrival of a baby girl at his home Friday.

Jacob Kessel and son Fred were business callers from Shaw's Friday. Oscar Haub returned home from a year in the Dakotas where he worked

on a farm. Oscar reports that the prospects for a good crop are not very encouraging.

Theodore Stauble was over from East Inlet last Friday calling on friends.

George Thier was busy Wednesday unloading a carload of feeding cattle which had arrived at Sublette.

Mr. and Mrs. Buren Bybee motored to Mendota Saturday and called on friends.

Louis Untz and workmen were here several days from Mendota building a new crib on the E. C. White farm.

Rosa Craigmiles has been seriously ill at her home for the past week with an attack of gall stones.

Mr. and Mrs. J. H. Michel motored to Sublette Wednesday where they attended the funeral of Leroy Becker, the lad who met a tragic death by being accidentally shot.

Mrs. Andrew Gehant received word from the managers of the fall festival that she had been awarded the first prize for ten samples of white seed corn ears. The ears were entered in the open entry and won a prize of \$10.

Frankie J. Oester of near Sublette called at the home of his parents Mr. and Mrs. John R. Oester, Saturday.

The local milk haulers are enjoying a two week's vacation while the local supply, which ordinarily goes to the Amboy condensory, is being picked up by a Waterman concern for the Chicago whole milk market.

Mr. and Mrs. Paul Halbmaier were shoppers in LaSalle Friday.

Mr. and Mrs. John Erbes had a new radio installed in their home this week.

Edward Bresson called on business friends in Dixon Saturday.

Steve Sherman and fellow carpenters are at Compton this week working on new filling stations that are being erected along the new cement highway.

Arthur Ziebarth and Ray Maier were in Dixon Saturday transacting business.

Modest Gehant of Paw Paw called on his many friends Saturday.

The committee on arrangements for the coming Thanksgiving bazaar met Saturday evening when plans for the annual event were formulated.

## STATE REPUBLICAN MAJORITIES GROW IN EVERY REPORT

Hoover's and Emmerson's  
Majorities Reach  
200,000 Mark

Chicago, Nov. 8.—(AP)—With only 178 precincts in Illinois to be heard from, President-elect Hoover had a lead of 421,150 votes over Governor Smith today.

Cook county, with only three precincts missing, out of the total 3363, gave Hoover 805,092 votes of his total 1,712,341 in the state, and Smith 713,042 of his state total of 1,291,191.

In the race for Governor, 6,719 precincts out of 6942, gave Louis L. Emmerson, Republican, 1,250,863, and Floyd Thompson, Democrat, 1,235,958. Of these Cook county, with three precincts missing, gave Emmerson 820,558 and Thompson 654,580.

Otis P. Glenn, Republican Senator-elect, led his Democratic opponent, Anton J. Cermack, 1,486,531 to 1,244,180, on the basis of returns from 6542 out of 6942. Cook county, three precincts missing, gave Glenn 701,999 and Cermack 749,689.

Chicago, Nov. 8.—(AP)—Illinois' solid Republicanism, broken only by minor offices in scattered districts, bolstered its majorities today as tardy returns increased the state's totals.

Herbert Hoover's margin of more than 400,000 was maintained with only 205 of the state's 6942 precincts missing. His total of 1,695,565 votes, in an election which attracted 92 percent of the state's registered voters, exceeded President Coolidge's 1924 total by more than 150,000.

Louis L. Emmerson's majority over Floyd B. Thompson, in the contest for Governor, was almost identical to Hoover's. In the race for United States Senator, however, Otis P. Glenn won under Republican colors by only 200,000 over Anton J. Cermack.

**Negro Is Elected.**

The wealthiest Congressional district in the state, the first, located in Chicago's loop, will be represented by Oscar De Priest, a negro. He will fill the seat left vacant by the death of Martin B. Madden. A small margin separated De Priest, now under indictment in connection with primary day disorders, from his Democratic opponent, Harry Baker.

Although scratched tickets lessened the pluralities of some state winners, Mrs. Ruth Hanna McCormick and Richard Yates increased their already comfortable leads for Congressmen-at-Large as late returns trickled in. Every member of Governor-elect Emmerson's cabinet was sent to office by a majority of at least 200,000.

**Scratching in Chicago**

It was in Chicago where party lines were smashed in an effort to drive out nominees who had reputed alliances with criminal factions. While both Hoover and Emmerson won the city, ballot scratching was prevalent on the lower part of the ticket.

Judge John A. Swanson, a Republican, won the bitterly fought race for State's Attorney against Judge William J. Lindsay by 150,000 votes. Democratic winners in the contest for trusteeship of the Sanitary District were attributed to an effort to defeat Morris Eller, a Republican nominee, charged with conspiracy in the April primaries as boss of the 20th ward.

Although eight Democrats won office in Cook County, the Republican presidential nominee led all others on his ticket in the number of votes received. Governor Smith however carried 26 of the city's 50 wards.

## NEWS of the CHURCHES

### AT BETHEL CHURCH

The study of the Book of Romans, under the direction of Rev. Lee W. Ames at the Christian Life Conference conducted at Bethel Church this week is proving to be very profitable. Many are receiving great blessing by attending this conference. Last night Mr. Ames, who represents the Moody Bible Institute of Chicago, spoke on, "Can We Help God Save Us?" He clearly showed from the Bible that salvation is wholly of God, man cannot do a thing to save himself. He said in part:

"Salvation is entirely of God, to the entire exclusion of anything and everything which we might contribute. The fourth chapter of Romans is explicit on this point. Abraham, the father of the Jewish nation, and the father of all the faithful, is the outstanding illustration. He believed God, and it was counted unto him for righteousness." This was several hundred years prior to the introduction of the law of Moses. His justification was apart from works, apart from ordinances, as illustrated by circumcision, apart from the law.

The faith which Abraham exercised reckoned on the omnipotence of God, who quickeneth the dead, and calleth those things which be not as though they were; was not influenced by the objecting probabilities in the case, "who against hope believed in hope"; rose above the discouraging conditions which surrounded him; and rested on the promise of God, concerning which he was "fully persuaded." And therefore it was imputed to him for righteousness. This is the kind of faith which saves today. Now it was not written for his sake alone, that it was imputed to him; but for us also, to whom it shall be imputed, if we believe on him that raised up Jesus our Lord from the dead; who was delivered for our offences, and was raised again for our justification."

Tonight Dr. Ames will discuss a vital subject which no one can afford to miss, "Must Christians Sin." The service begins promptly at 7:30.

### SERVICES IN NELSON

## WATER GOLF

### THE MINSTREL TOUCH

Remember the END MAN in the old time minstrels? We have one with us today playing a special return engagement for letter golf fans. Par is five and one solution is on page 11.

E	N	D
M	A	N

### THE RULES

1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN.

2—You can change only one letter at a time.

3—You must have a complete word of common usage, for each pump. Start words and abbreviations don't count.

4—The order of letters cannot be changed.

One solution is printed on page 11.

## More Safety in Local Anesthesia

By R. B. Henline, M. D.,  
New York City

(This series of articles is prepared under the direction of the Gorgas Memorial, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Gorgas Memorial are at 1331 G Street, N. W., Washington, D. C.)

The greatest advance in the past fifteen years, especially in urological surgery, has been the progress made with the use of various forms of local anesthesia. It is now possible to do any operation on the urinary organs, including the removal of a kidney, with local anesthesia.

Ether, chloroform, or various gases, which rendered the patient unconscious were previously used. Now local anesthesia is obtained by injection of the area to be operated upon with procain solution. This injection renders the area of operation numb or deadened so that the operation is free from pain. Thus the patient is conscious and awake throughout the entire procedure. The important point is that the entire operation is attended with more safety.

Procain solution is used for this purpose because it has proved to be the most efficient drug and to be perfectly safe when used properly. Various methods of administering the procain solution are necessary for different operations, but all can be done satisfactorily and without danger.

There are many advantages to the patient who is operated upon with local anesthesia. A patient who is quite sick and who could not stand ether or other general anesthetics may still be operated upon, by this method. One suffering from diseases of the heart, lungs or kidneys can undergo an operation without danger. The patient's bodily functions are not interfered with and consequently there is practically no shock. The convalescence is much shortened and the patient may leave the hospital sooner. There is rarely any nausea or vomiting, or any "gas pain" after the operation. Pneumonia and other lung complications are rarely seen after local anesthesia. All of these disagreeable occurrences are avoided by the patient who is operated upon under local anesthesia. The anesthesia persists for three to four hours after the operation.

It is more difficult for the surgeon to operate with local anesthesia because he must be more careful of the tissues. Pulling and tugging or any roughness cause some discomfort to the patient, and therefore must be avoided. The patient benefits from this fact that the surgeon must do his work much more carefully and accurately.

The object of all surgery, as well as medicine, is the relief of suffering and the prolongation of life. Since patients are more comfortable, with fewer complications, and fewer deaths many surgeons now use local anesthesia for nearly all operations.

## Trial of Slayer of Teacher is Started

Chicago, Nov. 8.—(AP)—The trial of David Shanks, a Negro who confessed killing Miss Jennie Meta Constance near the campus of Northwestern University on August 7, will proceed as soon as jury is selected. Veniemen were assembled yesterday, but attorneys could agree on none.

Shanks' five lawyers have indicated they may interpose a plea of insanity to save him from the death penalty. Prosecuting attorneys, however, have insistently demanded that Shanks be given death.

The Negro confessed after police found a wrist watch taken by Shanks from Miss Constance, whom he waylaid and struck with an iron pipe. She was an English teacher at Bradley Polytechnic Institute at Peoria, Ill., and was taking graduate work at Northwestern.

### NOVEMBER LULLABY

Down from the hillside, silent and steep,  
Little gray shadows noiselessly creep;  
Brown leaves are falling—fitting and falling—  
Over the blossoms going to sleep.  
Through the warm dusk the flames laugh and leap,  
Baby's wee bed is curtained and deep.  
Bright dreams are drooping—silently drooping—  
Over my baby going to sleep.

Cold is the night and gray is the sky,  
Brave little gentian shuts her blue eye;  
Nature 'is calling—crooning and calling—  
To the tired flowers her low lullaby.  
Through the warm dusk the flames dim and die,  
Rockaby, Baby, just you and I  
Rocking and stopping—drowsily stopping—  
Lullaby, Baby; sweet lullaby.

## More Charm— no blemishes now

UNDERNEATH a clear, smooth skin, healthy tissues—full of rich, red blood—thrive. No worry about pimples now. Instead there is a certain satisfaction that gives confidence.

All this because rich, red blood is Nature's way of building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

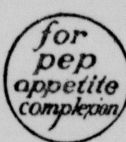

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

Thousands have regained their strength and charm by taking a few bottles of S.S.S.—Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

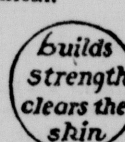

"I was troubled with pimples and blackheads. I took a course

of S.S.S. It cleared my face and back. I think S.S.S. is wonderful. I have told many friends about S.S.S., and they are getting as much benefit as I did."—Miss Ruth Gahn, 1134 Elden Ave., Los Angeles, Calif.

## HORNSBY TO CUBS FOR BIG LUMP OF CASH AND PLAYERS

Players Given in Trade  
Include by Two of  
Cub Regulars

Chicago, Nov. 8.—(AP)—Rogers Hornsby, the transient star of National League baseball, will next be seen in a Chicago Cub uniform.

Five players and a large sum of money, perhaps the largest amount ever involved in a baseball deal, will go to the Boston Braves in exchange for the "Rajah," who has worn the uniforms of three clubs in the past three years.

The long-rumored deal, which gave the Cubs the National League's leading hitter, was completed last night in a telephone conversation between President W. L. Weeks of the Chicago club and Judge Emil E. Fuchs, president of the Braves.

Sum Not Divulged  
President Veck refused to divulge the exact sum of money involved, but it was between \$150,000 and \$200,000. The highest price previously paid for a player was \$137,000, given by New York Yankees to the Boston Red Sox for Babe Ruth in 1920.

True to President Veck's statement that the Cub team would not be wrecked to get Hornsby, only two regulars were included in the transaction. One was Freddie Maguire, who was moved to make room for Hornsby at second base, and the other was Percy Jones, veteran southpaw. The other three players were Louis Leggett, rookie catcher, recalled from the Cub's farm at Reading, Pa.; Harry Selbold, a recruit hurler who starred with Reading club last season, and Bruce Cunningham, a pitcher acquired from Los Angeles.

Most Traded Star  
Hornsby's transfer to the Cubs gives him the unique record of being the most traded star baseball has ever known. In 1926 he managed the St. Louis Cardinals to a world series title. In 1927 he was in a New York Giants uniform.

Hornsby had a great year with the Giants in 1927, successfully managing the team during John McGraw's absence, but the opening of the 1928 season found him in Boston. In the middle of the 1928 race Jack Slattery resigned as manager and Hornsby was named to succeed him. Hornsby's sale to Boston for players Welsh and Hogan proved a bigger surprise than his shift from St. Louis to the Giants. Mystery still shrouds reasons for the deal.

Take Over Contract  
It is probable the Cubs will take

over Hornsby's Boston contract, which calls for an annual salary of approximately \$40,000.

Hornsby made his major league debut in 1915, coming up from the Dallas, Tex., club for a reported \$500. In 1915 he played 18 games at short stop for St. Louis but from 1916 to 1921 he played three different infield positions and once tried the outfield.

From 1922 to 1926 he confined his efforts to second base and during that period established numerous batting records. In 1922 he set a league record of .424. He wound up the past season with an average of .387 and only twice since he joined the majors has he finished below the .300 mark.

FUCHS TO MANAGE TEAM  
BY WILLIAM R. KING  
Associated Press Sports Writer  
Boston, Nov. 8.—(AP)—Judge Emil E. Fuchs, who was a New York City Magistrate before he became president of the Boston Braves, has returned to the bench—in the National League.

After selling Rogers Hornsby, his last season's manager and the leading batsman in the National League, to the Chicago Cubs for five ball players and some cash, the Judge, who received his early baseball training on New York sandlots, was prevailed upon by his associates to become a managing officer.

The Hornsby trade, rumors of which had been circulating since the world series, failed to excite Boston's baseball public much, but Judge Fuchs' statement that he intended to run the Braves ball club on and off the field was received with amazement.

The Judge announced that he had been prevailed upon by Charles F. Adams, Vice-President of the club, to become managing director.

Knows Shortcomings  
"I know my shortcomings and I appreciate the burdens and hardships," he said. "The only advantage I start with is the good will and confidence of our players, who have always trusted me. So many of them, year after year, have affixed their signatures to blank contracts, reposing sufficient faith and confidence in me to fill in their yearly salaries, without protest or complaint. To my friends, the baseball writers of the country, who have never violated a confidence reposed by me in them, I say that I shall play the game and take good-naturedly their kindly digs and request that they suspend judgment until I have had a fair opportunity to prove or disprove the wisdom of my reluctant step and acceptance. Having accepted the task, I shall take full responsibility, blame and criticism."

Mullen's License is  
Revoked by Commish  
Chicago, Nov. 8.—(AP)—James Mullen, Chicago's leading boxing promoter, has been deprived of the privilege of promoting boxing shows by the Illinois Athletic Commission.

The commission yesterday suspended Mullen indefinitely and revoked his license for failure to pay the state tax within the required 48 hours after his Shade-De Vos show at the Coliseum Nov. 2.

## News From Grid Camps of Large Schools of West

BY ORLO L. ROBERTSON  
(Associated Press Staff Writer)

Chicago, Nov. 8.—(AP)—One of the largest crowds ever gathered in one of the largest bowls college football ever built has a genuine "natural" carded for its pleasure at Columbus, O., Saturday.

The two unbeaten and united teams of the Western Conference, Ohio State and the University of Iowa, will have the afternoon to decide, probably, the 1928 championship of the Big Ten. Wisconsin is the other unbeaten school of the conference, but a tie with Purdue clouds the Badger record.

The outcome of the Columbus engagement is apt to depend largely upon the ability of the Iowans to stop the overhead game of Coach Jack Wile's Ohioans. It was a persistent aerial offense which enabled Ohio to tie the Princeton last Saturday.

To offset Ohio's running and overhead attack, Iowa will present Mayes McLain, plunging Cherokee Indian fullback, and Oren Pape, the fleet-footed back.

A down and out Chicago eleven is preparing for a game with Wisconsin at Madison. As usual Coach Stagg will put a crippled Chicago team on the field. Not once this season has he been able to present his full strength against an opponent.

But Chicago is famed for at least one good game a season and "Gloomy Glenn" Thistlethwaite is worrying that the Maroons may show that flash against Wisconsin.

Northwestern may fear Purdue will Purdie also fear Northwestern. Therefore there is apt to be a real battle at Evanston this week when Jimmy Phelan leads his Purdue Boilermakers against Dick Hanley's Wildcats. Both teams have shown steady improvement, especially in offensive tactics and are now rated as two of the leading elevens of the conference.

While Michigan is settling an argument with the Navy at Baltimore, and Illinois furnishes the dedication attraction for a new stadium at Butler, Minnesota and Indiana will attempt to even an old score at Minneapolis. Since Indiana put the Gophers out of the conference race last year with a 14 to 1 tie, Minnesota has felt none too kindly toward the Hoosiers.

Indiana had an off day in the schedule last week, while Minnesota will spend a battered team on the field, crippled by the absence of Captain George Gibson.

## SPORT SLANTS

BY ALAN J. GOULD  
Associated Press Sports Editor

New York, Nov. 8.—(AP)—Talk of Jack Dempsey returning to the ring seems to most observers to be inspired largely by efforts to brace up the sagging fortunes of the fistie game.

They have sagged, especially from the box office viewpoint, this year to a marked degree by comparison with the heydays of the boom era that started in 1923. That was the year Dempsey and Firpo fought their memorable battle at the Polo Grounds.

By a strange, if not ominous coincidence, Firpo also figures in the come-back talk. It would be an odd turn of circumstance if both the Argentine Bull and the old Manassa Mauler climbed back through the ropes next year. It probably also would furnish an odder comparison with their fighting powers of 1923.

There appears little question, on the other hand, that Dempsey's return to the ring would stimulate lagging interest in the heavyweights.

No new figures have come along to capture popular imagination as the former champion did. The ring-around-the-rosy appears to be on again in much the same fashion it has been going on for the past few indoor campaigns.

It is no secret that Tex Rickard would have much preferred last summer to have staged a third and final Tunney-Dempsey fight than the Tunney-Hecney match that proved a financial as well as artistic flop.

So long as Dempsey is around the borders of the "racket" there will be insistence that he take "one more" thing. It is a business proposition, and the punch is the main factor involved.

Dempsey says he won't fight again and he may mean it. But it is just as well to note that if he said anything else now the winter's ballyhoo would be sadly handicapped.

Just when things look a trifle dull in the ring racket, however, some faintly bobs up in the west to administer a few resounding wallops.

In recent years K. O. Eddie Roberts and Jimmy McLarnin, the baby-faced kid, have come east in answer to promoters' prayers for "gate" attractions—otherwise known as boys with a sock. Now Jackie Fields is in the limelight and apparently headed for the welterweight title if he can get Joe Dundee, the champion, into the ring with him. Fields has the punch that made Roberts and McLarnin stand out.

Showers to Recover

But He's Suspended

Chicago, Nov. 8.—(AP)—Billy Showers, St. Paul boxer, will recover

from injuries received in a battle with Shuffie Callahan Monday, but his fighting days in Illinois are ended.

The Illinois State Athletic Commission yesterday revoked Showers' license, stating that the St. Paul middleweight was not physically fit to continue in the game.

Mississippi Work

in First Phase

Washington.—(AP)—The work of the levee laborer on "Old Man River" now is a constant chorus. Higher rise the levees on the Mississippi river and stronger grow the banks as the government program to keep the sluggish strength of the giant within bounds gathers momentum.

Millions of dollars have been poured into protective measures since the last great flood, and army engineers, taking stock of progress made in the last year, report that probably all of the \$24,000,000 made available by congressional appropriation for the new program probably will have been spent or obligated by next June.

The engineers battle with the

great river is a fight as carefully charted as any armed conflict. For 30 years it has been carried on, but in the last year operations were on a scale two and a half times as great as in any previous year.

The work being done at New Madrid, Mo., is typical of that all along the stream. The new levee there will rise five feet higher, and up above the town the channel of the river will be widened until it will be almost twice the width it was five years ago.

Gangs of laborers may be seen weaving what appears to be at mattress for the couch of a giant. Huge mats of willow are used in revetment work, and \$12,000,000 will go into that phase of the work this year.

The mats are loaded with stones and sunk along the sides and the bottom of the stream where the water has begun to eat away the bank. Erosion thus is stopped. Concrete blocks lashed together are used in the same manner.

Before passage of the flood control act annual expenditures for Mississippi river control were \$10,000,000. The additional funds are being used in four ways: enlarging and strengthening main river levees, bank re-

ment, dredging and preliminary work on the Bonnet Carré spillway for the protection of New Orleans.

Maj. Gen. Edgar Jadwin, chief of engineers, is head of the work, all the plans and development going through his office.

Public May Force

Dempsey to Fight

New York, Nov. 7.—(AP)—Once more there are signs and portents that widespread public demand will bring Jack Dempsey out of listie retirement and into the ring again.

Despite vigorous assertions by the one-time Manassa mauler that his fighting days are over, day by day the evidence piles up that Dempsey soon will don the gloves and battle once more for the fame and wealth the ring has already given him.

These constantly recurring reports of another Dempsey comeback gathered more credence among close followers of the ring when the former heavyweight champion entered training at a local gymnasium.

Inherent excellent horsemanship of the Cuban is being turned from the range to the greensward of the polo field.

WILLIAM J. ALBRIGHT,

## NO EXULTATION FELT BY HOOVER IN FINE VICTORY

Instead He Feels Great  
Responsibility Has  
Been Acquired

BY JAMES L. WEST  
(Associated Press Staff Writer)  
Stanford University, Cal., Nov. 8.—(AP)—This was the first of a series of days of complete rest which Herbert Hoover has prescribed for himself after the strain through which he has passed in winning the presidency.

He has decided to spend the remainder of the week quietly with his family at his home on San Juan Hill, his mind free not alone from the multitude of problems which must engage his attention before March 4, but also from details of his personal plans before inauguration day.

**Surprised at Vote**  
The President-elect is surprised at the size of the electoral majority which the country gave him in Tuesday's record breaking election, and he frankly said so at a conference with newspapermen, the first he has had since before he set out from Washington on his last campaign drive. Despite the unprecedented total of votes in the Electoral College which the country has given him, Hoover has no feeling of victory or exultation, he stated in his first message to the American people as President-elect.

He feels that there has been imposed a sense of solemn responsibility of the future, and of complete dependence upon divine guidance for the task which the greatest office in the world imposes.

"That task is to give the best within me to interpret the common sense and the ideals of the American people," said Hoover. "I can only succeed in my part by the cooperation and unity of spirit of the leaders of opinion and of action, for the common service of our country."

**Inauguration Simple**  
While the President-elect has decided upon no details of specific plans for the future, he has stated emphatically that his induction into office will be attended by a simplicity equal to that of any inauguration that has been held. That is in keeping with his often-expressed ideas that it is more appropriate to keep the simple side of life.

Hoover is expected to remain in California for several weeks before turning eastward again for Washington, where he plans to spend the Christmas holidays.

After his period of rest and recreation he will give attention not only to the selection of the members of his Cabinet but also to the executive program which he will present to Congress, the focal point of which

### ABE MARTIN

You never hear a resident of Detroit wonderin' if th' ole open saloon 'll come back. Next t' separatin' th' goats from th' sheep, th' hardest thing is separatin' peas from chopped carrots.

will be farm relief, which he regards as the greatest economic problem before the country.

### Shelton Prosecutor Lost Out in Poll

Taylorville, Ill., Nov. 7.—(AP)—Christian county, hitherto a Democratic stronghold, gave a substantial majority to virtually every Republican candidate yesterday, including national, state and county tickets.

State's Attorney Carl H. Priests Democratic prosecutor in the Shelton brothers bank robbery cases and other criminal cases in Christian county which attracted state-wide attention, lost to his Republican opponent, Harry Grundy, by a vote of 10,081 to 6,993.

### Colorado to Hoover and a Democrat Gov.

Denver, Colo., Nov. 7.—(AP)—Colorado has given its support overwhelmingly to Herbert Hoover for President, but had returned its Democratic governor, William H. Adams, to office almost as great a majority, returns from the larger precincts and approximately half those in the state indicated today.

Hoover had 128,425 votes and Smith 71,117 in 933 of the state's 1506 precincts. Governor Adams had received 129,859 votes and Attorney General William L. Oatright 75,517 in 811 precincts.

**LONG DEATH SKID**  
London—Death joined an auto in a 219 foot skid near the Huntercombe cross roads recently. Miss Dorothy Ryland was killed and Seth Smith, driver of the car, was unconscious for ten days after the accident. He had no recollection of what occurred.

## ELECTION SANS DISORDERS WAS CHICAGO BOAST

Record Breaking Tran-  
quility Marked Poll  
of City's Votes

Chicago, Nov. 7.—(AP)—This city, where ballot boxes floating in the river are not unknown; where homicide, assault, and kidnapping are considered the inevitable complement of choosing representatives, cast its record-breaking vote in a record-breaking tranquillity.

Contrasted to the lawlessness that prevailed in some wards on primary day last April, not a single shooting, slugging or flank attack on polling places was recorded. Even Morris Elmer's Twentieth ward, which in the past worked for and earned the title, "Bloody Twentieth," voted smoothly as any staid suburb.

Behind the unusual peace, election officials agreed, were three factors—

County Judge Edmund K. Jarecki, who has attained reputation for unkindness to election law violators; Police Commissioner Russell, who placed the entire force at the disposal of election officers; and the special grand juries, which under the direction of Frank J. Loesch, have for the past five months produced a steady stream of conspiracy indictments based on the April primary.

"The day will stand out as the most remarkable in Chicago's history," Mr. Loesch said today.

### CHURCH STEP IS REFUGE FOR SOAPLESS CITIZENS

Bogota, Colombia.—(AP)—Once the hard beds of Bogota's waifs, the cold stone steps of numerous churches now accommodate only those who object to paying for a night's lodging in public dormitories by taking a bath. A few boot-black rebels still curl up for the night in convenient doorways but most of the homeless prefer softer and warmer beds even at a cost of soap and water.

Idaho game laws now impose a closed season on frogs to protect the diminishing supply. They are much in demand as a food delicacy.

## Bad Boy Failed to Win in His Effort

Newburyport, Mass., Nov. 7.—(AP)—The handicap of having to spend most of his waking hours turning a wringer in the laundry room of the Salem jail proved too great an obstacle for this city's "Bad Boy" Mayor, Andrew J. Gillis, to surmount in yesterday's election and in consequence his aspirations to be a member of the next state legislature received a severe jolt.

Gillis directed a spirited sticker campaign from the jail but got only 4,454 votes while his opponent, W. J. Boardman, captured the Eighteenth Essex district with 6,061.

The "bad boy" is doing a 60 day term for operating a gasoline service station in a restricted area of the city.

### FRANCE PLANS MEMORIAL FOR MAID OF ORLEANS

Orleans.—(AP)—An effigy of Jeanne d'Arc will appear on all French 50-centime postage stamps during the celebration of the 500th anniversary of the deliverance of Orleans next year.

While it might be supposed that a steamship crew could catch its own fish, large liners now in the trans-Atlantic tourist service carry for each trip 8000 clams, 200 crabs, 500 barrels of oysters and 1500 pounds of fresh fish.

Scientists have under observation 19-year-old twin girls at Oshawa, Ontario, who were reared apart to determine whether heredity or environment plays the greater part in moulding the individual.

## COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
